ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series:*

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith
Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

FIRST NATIONS WATER RIGHTS REPORT

BAND: Nemaiah Valley

ADDRESS: General Delivery, Nemaiah Valley, BC, V0L 1X0

CHIEF: Roger William

PHONE: 481-1149

AFFILIATION: Tsilhqot'in Tribal Council

LOCATION:

The Nemaiah Valley band occupy eight reserves located in an area east of Chilko Lake. the reserves range in size from 3.2 to 640.6 hectares and occupy a total land area of 1,383.2 hectares. The reserves are:

Chilko Lake 1	Garden 2	Lohbiee 3
Chilko Lake 1A	Garden 2A	Tanakut 4
Lezbye 6	Tsunnia Lake 5	

Of the 8 reserves, records of water rights exist for:

- **Chilco Lake 1A**: a 640.6 hectare reserve located along the east side of Chilko Lake.
- **Tanakut 4**: a 174.8 hectare reserve located west of Elkin Creek.

The most recent population figures compiled by the Ministry of Finance report that the Nemaiah Valley Band has a total population of 346. This figure includes all registered and non-registered members, living on- and off-reserve.

The reserves of the Nemaiah Valley Band are classified as occurring in the Interior Douglas Fir Biogeoclimatic Zone. The reserves lie at elevations ranging from 3900 feet to 4100 feet above mean sea level and experience a regional climate in which average daily temperatures of - 10 degrees centigrade in January, to highs of 16 degrees centigrade in July. Rainfall totals for the area average between 100 and 250 centimetres annually.

WATER ALLOCATIONS:

There are no records of water allocations made by either the Indian Reserve Commission (by Order-in-Council) or the Board of Investigation (by Order). Additionally there have been no actions to amend, cancel or record as abandoned licensed rights, pursuant to provisions in the *Water Act*. The water rights of the Nemaiah Valley Band have been determined by one action of government:

1. The granting of water licenses in response to Federal Government applications requesting authorization for the use of water on reserve lands.

HISTORY, CURRENT STATUS AND NOTES:

The history of water rights, the current status of rights, and notes for the Nemaiah Valley band with respect to Deletcheko Creek, Elkin Creek and Nemaia Creek are as follows:

Deletcheko Creek:

History:

May 1, 1970 — In response to an application filed by the Superintendent General of Indian Affairs on behalf of the Nemaiah Valley Band, the Comptroller of Water Rights issued Conditional Water License 355554. The License was assigned a precedence date of July 9, 1965 and authorizes the diversion of 320 acre feet per year (from April 1 to September 30) from Deletcheko Creek for irrigation purposes. the appurtenant lands are specified as 160 acres of Lot 1416 of Chilko Lake Reserve No. 1A, Range 2, Coastal District.

Current Status:

Conditional Water License 35554 is the only license active on Deletcheko Creek. The license is for the use and benefit of the Nemaiah Valley Band.

The Water Survey of Canada has no records of streamflow on Deletcheko Creek. No other current sources of water availability were located over the course of this investigation.

Notes:

1. The allocation authorized under Conditional License 35554 is significantly less than the amount requested by the Band in it's original application.

Elkin Creek:

History:

Mar 3, 1975 In accordance with an application made by the Honorable Minister of Indian Affairs on behalf of the Nemaiah Valley Band, the Comptroller of Water Rights issued Conditional Water License 43745. The license has a precedence date of 100 acre feet per year (from April 1 to September 30) from Elkin Creek for irrigation purposes. The appurtenant lands are defined as 100 acres of Tanakut Reserve No. 4.

To facilitate the construction of works required under Conditional License 43745, Permit Over Crown Lands 9808 was granted in the name of the Nemaiah Valley Band. The Permit authorizes the occupation of Crown Land for the construction and maintenance of works.

Current Status:

There are currently 12 licenses active on Elkin Creek, on of which is held by the Nemaiah Valley Band. Of the 12 licenses:

- 3 authorize the use of water for domestic purposes, ranging from 500 to 1,000 gallons per day.
- 9 authorize the use of water for irrigation purposes, ranging from 6 to 100 acre feet annually.
- 1 authorizes the use of 2,000 gallons of water per day for stockwatering purposes.
- 1 authorizes the use of 0.54 cubic feet per second of water for power-commercial purposes.

*Note: A single license may authorize the use and/or diversion of water for multiple purposes,

The Nemaiah Valley Band holds Conditional Water License 43745 on Elkin Creek. Conditional License 43745 is fifth in priority on the Creek.

The Water Survey of Canada has no records of streamflow on Elkin Creek. No other current sources of water availability information were located over the course of this study.

Notes:

1. The allocation authorized under Conditional Water License 43745 is significantly less than the amount requested by the Band in the original application.

Nemaia Creek:

History:

Dec 1, 1969 In accordance with an application made with the Superintendent General of Indian Affairs on behalf of the Nemaiah Valley Band the Comptroller of Water Rights issued Conditional Water License 34971. The License was assigned a precedence date of December 9, 1964 and authorizes the diversion of 400 acre feet of water per year from Nemaia Creek for irrigation purposes, from April 1 to September 30. The appurtenant lands are described as 200 acres of Lot 1416, Reserve No. 1A, and Blocks A and B of Lot 305, Range 2, Coast District.

Current Status:

Conditional Water License 34971 is the only licenses active on Nemaia Creek. It is for the use and benefit of the Nemaiah Valley Band.

The Water Survey of Canada has no records of streamflow on Nemaia Creek. No other current sources of water availability information were located over the course of this investigation.

Notes:

1. According to current licensing practices, Conditional Water License 34971 would be issued for "waterworks" purposes. The amendment of the license to reflect the current designation "waterworks" would qualify the Nemaia Creek Drainage Area for designation as a "Community Watershed" under provisions contained in the Forest Practices Code.

OTHER INFORMATION:

Alternate Water Sources:

At this time, the potential for receiving water from connection to a municipal water system is limited, as there are no such systems in proximity to any of the Nemaiah Valley Reserves.

Chilko Lake is located near enough to all of the reserves to be considered as an alternated source of supply.

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The Honourable Minister of Indian and Northern Affairs (Williams Lake Agency) of Ottawa, Ontario.

the holder(s) of Conditional/~~Final~~ Water Licence(s) 43745, authorizing
the diversion of water from Elkin Creek,

is/are hereby

authorized to occupy Crown land by constructing, maintaining, and operating thereon the works authorized under the said water licence and any licences which may be issued in substitution thereof.

(*a*) The Crown land which is authorized to be occupied under this permit is a portion of
Lots 751 and 5393, and unsurveyed land, Lillooet District,

the location of which is shown approximately on the plan attached to the said water licence.

(*b*) The approximate dimensions of the Crown land authorized to be occupied under this permit are
6600 feet in length and 15 feet in width, having an area of 2.3 acres.

(*c*) Subject to the payment of royalty, stumpage, and other compensation, and the obtaining of a licence to cut timber as provided under Condition 5, the permittee may cut and remove from the said land any timber, the removal of which is necessary to permit construction and maintenance of the said works.

(*d*) The annual rental for this permit is $ 3.00 , which is subject to review and revision at any time at the discretion of the Crown.

(*e*) This permit is appurtenant to the land, mine, or undertaking to which the aforesaid water licence is appurtenant.

(*f*) The conditions relative to the rights granted under this permit are printed on the back of this form.

CONDITIONS RELATIVE TO THE RIGHTS GRANTED UNDER THIS PERMIT

1. This permit is issued under the *Water Act*, and the rights hereby granted are subject at all times to the provisions of that Act and all Acts passed in amendment or substitution thereof and to all regulations from time to time made under any such Act.

2. There is reserved to the Crown the right to grant to other persons permits to occupy the land affected by this permit without compensation to the permittee or his successors in title.

3. In the event of any dispute arising at any time between the permittee and any owner of land adjacent to the land affected by this permit with respect to the area or boundaries of the land so affected, the licensee shall at his own expense, when so directed by the Deputy Minister of Lands, have the said land surveyed by a duly qualified surveyor, and shall likewise file with the Department of Lands, Forests, and Water Resources at Victoria, British Columbia, a plan showing the result of the survey.

4. This permit and the rights granted hereunder are subject always to compliance by the permittee with the terms of his water licence, and if the rights granted under the said licence should at any time be suspended or terminated, the rights granted under this permit are thereupon likewise suspended or terminated.

5. The amount of stumpage, royalty, and (or) compensation payable to the Crown by the permittee in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum or sums fixed by the Forest Service of the Province of British Columbia. Prior to the cutting, destruction, or flooding of any timber, the permittee must apply for and obtain a licence to cut timber from the District Forester under the provisions of section 24 of the *Forest Act*.
